THERMAL HEADWEAR WITH REMOVABLE BUMP CAP PROTECTION

BUMP CAP OR HARD HAT?
CHOOSING THE RIGHT HEAD PROTECTION FOR THE JOB

**BUMP CAP**
- **Hazard:** Worker-generated impact (hitting head on sharp corner or low overhang).
- **Application:** Baggage handlers, mechanics, maintenance and anybody working in cramped quarters.

**HARD HAT**
- **Hazard:** Object-generated impact (falling or flying objects).
- **Application:** Construction, utilities, forestry, mining and anywhere OSHA requires its use.
