HI-VIS TOOL TETHERING SAFETY VEST KIT - TYPE R CLASS 2

The GloWear® 8321TVK Hi-Vis Tool Tethering Safety Vest Kit - Type R Class 2, Dual Certified provides versatile tethering and storage options for working at heights. This safety vest is the first-ever to be dual certified for both ANSI/ISEA 121 and ANSI/ISEA 107 compliance. Unlike other hi-vis vests worn underneath fall protection harnesses, this surveyor's vest is designed to be worn over the top of the system for maximum visibility and accessibility to tool tethers at heights. Kit includes the 8231TV Safety Vest, plus three tool lanyards for tethering tools to the vest.

Features

- DUAL CERTIFIED – Industry's first-ever ANSI/ISEA 121 and ANSI/ISEA 107 certified vest for dropped object prevention and hi-visibility compliance
- 20+ TETHERING POINTS – All ANSI 121-certified to 2 lbs and 4-foot max tether
- FALL HARNESS COMPATIBLE – Designed with back/side D-ring slot to be worn over most fall protection harnesses
- LOW-LIGHT VISIBILITY – ANSI 107, Type R Class 2 compliant
- 2 TOOL POCKETS – Strategic and easily-accessible tool storage while tethered
- LANYARD INTEGRATION – 2 chest pockets designed for the Squids® 3000, 3001, 3010, or 3011 retractable tool lanyards
- TETHERING KIT INCLUDED – Includes 8231TV Safety Vest, Squids® 3156 Coil Lanyard with Single Carabiner, Squids® 3166 Coil Lanyard with Dual Carabiners, Squids® 3003 Retractable Tool Lanyard
