BALACLAVA FACE MASK - DUAL-LAYER

The N-Ferno® 6844 Balaclava Face Mask - Dual-Layer provides form-fitting comfort and multi-functional protection from extreme weather conditions such as cold, wind and snow. A double layer of fabric covers the nose and mouth so you can pull the nylon, spandex outer layer down below your chin to reveal the soft, breathable, mesh bottom layer.

Features

- **STRETCHABLE MATERIAL** – Nylon/spandex blend is flexible to fit most head sizes
- **MULTI-LAYERS** – Soft, breathable mesh inner layer and a 82% Nylon, 18% Spandex outer layer for protection and versatility
- **MULTI-CLIMATE** – Wear both face layers in cold climates or just the mesh when warmer
- **MULTI-FUNCTIONAL** – Wear as ski mask, neck gaiter or full face mask
- **COMFORTABLE & NON-BULKY** – Lightweight fabric fits comfortably under hard hat or helmet
- **LONG LENGTH** – Full thermal head and neck coverage, easily tucks into jackets
- **MACHINE WASHABLE**

Applications

- Construction
- Refrigeration
- Freight
- Weekend activities: hunting, skiing, cycling, etc.
- Mining
- Oil & Gas
- Warehousing
