

7401

COATED WINTER WORK GLOVES

The ProFlex® 7401 Coated Winter Work Gloves provide lightweight warmth and durable grip in cool to cold temperatures. Unlike typical thermal gloves, they are extremely lightweight and highly dexterous. A breathable 10g brushed acrylic fleece liner protects hands from cool air. Knit construction and an elastic wrist form a comfortable fit that does not compromise dexterity, and the latex coated palm is both flexible and durable for handling equipment or materials.

Features

- BREATHABLE THERMAL PROTECTION – 10g brushed acrylic fleece liner for soft comfort and warmth
- SUPERIOR GRIP – Latex coated palm is flexible and durable
- DEXTERITY – Lightweight knit for easy handling of equipment and materials
- COMFORTABLE – Knit construction and elastic wrist form a snug fit
- TESTED & APPROVED – Meets EN 388: 2131X
- MACHINE WASHABLE
