

# 7551

## COATED WINTER WORK GLOVES

The ProFlex® 7551 Coated Winter Work Gloves are dual layer for warm, waterproof, cut-resistant protection in cold temperatures. The 13-gauge A5 cut protection liner is cut, puncture and abrasion resistant for harsh winter environments. These coated gloves feature a full waterproof latex dip that protects you from the elements by keeping water and cold air out, with a second layer of sandy nitrile on the palms for abrasion-resistance and enhanced grip without compromised dexterity.

### Features

- THERMAL PROTECTION – 13g HPPE with a soft 10g brushed acrylic fleece liner for comfort and warmth
- CUT RESISTANT – ANSI A5 cut protection
- WATERPROOF – Fully coated latex protects hands from water and cold air
- SUPERIOR GRIP – Sandy, nitrile-dipped palm for secure gripping
- DEXTERITY – Dual layer of latex and nitrile remains flexible in cold weather for easy handling of equipment and materials
- TESTED & APPROVED – Meets EN 388: 4X43E
- MACHINE WASHABLE
