

SKULLERZ®

8802F(x)

CONTOURED FACE COVER MASK W/ FILTER

The Skullerz® 8802F(x) Contoured Face Cover Mask with Filter is intended to decrease the spread of Covid-19 by reducing dispersion of droplets when talking, coughing or sneezing. This breathable filter face mask is made of cotton twill and soft polyester mesh, meeting both CDC and WHO recommendations for multiple layers of protection. The internal mesh has an antimicrobial treatment that kills odor-causing bacteria. Five 3-layer poly cotton filters are also included for reliable, breathable filtration.

Features

- TWO-LAYER – 100% cotton twill exterior and 100% polyester internal mesh for soft, breathable protection
- SUPERIOR FILTRATION – Includes five (5) 3-layer poly cotton filters for reliable filtration without compromised breathability
- ERGONOMIC DESIGN – For optimal coverage of nose, mouth and chin
- ADJUSTABLE NOSE CLIP – For enhanced fit and comfort, reduces fog when wearing eyewear
- BACK OF HEAD STRAP WITH EAR LOOPS – Hook and loop closure for secure fit
- ANTI-ODOR – Internal mesh treated with antimicrobial Microbial Z06 kills odor causing bacteria
- REUSABLE – Machine washable and dryable for easy cleaning after each use
- TWO SIZES – Available in S/M, L/XL
