RADIO HOLSTER TRAP

ITEM #	SIZE
19772	S
19773	L

The Squids® 3772 Radio Holster Trap is the safest way to keep cordless radios secure and accessible while working at heights. This easy-to-use, ANSI/ISEA 121-compliant holster acts as an all-in-one attachment point for tethering cordless radios to a tool lanyard—decreasing drop and break risks of expensive communication devices. With rugged polyester construction and heavy-duty elastic hook & loop straps, this radio holster trap protects radios in even the harshest worksite conditions.

Features

- TESTED & APPROVED – ANSI/ISEA 121-2018 compliant
- DURABLE & SECURE – Rugged polyester with heavy-duty elastic hook & loop straps protect expensive radios
