WAREHOUSING, DISTRIBUTION & RETAIL OPERATIONS HANDBOOK

SOLUTIONS, SUPPORT AND OUR COMPLETE WDRO LINE-UP

WAREHOUSE TO DOORSTEP

MAKE SAFETY THE STRONGEST LINK IN THE CHAIN

Under pressure? In the clamor of global supply chains, Freddie and Bowie had nothing on today's warehousing and distribution scene. Cue the latest track about rising risks in the warehousing and distribution sector. Injury rates? Tripled over the last fifteen years. It's time to change the record.

Enter Ergodyne. With a legacy that goes deeper than a John Deacon bassline (Google him), we've been pioneering safety in this space since 1983.

So, when you're feeling that pressure pushing down on you, ask yourself: is your PPE adding to the weight? If so, it's time for an upgrade. From temperature management to ergonomics, we've got the gear that ensures safety and productivity are singing in perfect harmony—from warehouse to doorstep and all points in between.

The warehousing and distribution workforce has nearly tripled to more than **1.9 million** people over the last 15 years according to OSHA.

OSHA'S NATIONAL EMPHASIS PROGRAM (NEP) ON WAREHOUSING AND DISTRIBUTION CENTER OPERATIONS:

With a steep increase in workforce comes a heightened focus on hazards common to warehousing and distribution centers in addition to mail/postal processing, parcel delivery, courier services and high injury rate retail establishments.

Get the facts to protect your peeps and stay in good stead with the safety cops. **CLICK TO VIEW**

OSHA'S NATIONAL EMPHASIS PROGRAM ON WAREHOUSING & DISTRIBUTION CENTER OPERATIONS: FACT SHEET

// WHAT IS THE NATIONAL EMPHASIS PROGRAM (NEP)?
With some sectors experiencing rates more than twice the rate of other sectors, OSHA is focusing on the warehousing and distribution center sector.

// WHY NOW?
With employment in warehousing and distribution center operations up to 1,713,900 in December 2021, it is paramount to address the hazards in this sector.

// WHAT INDUSTRIES WILL BE AFFECTED?
Warehousing and distribution centers experience higher injury rates than other sectors. Other industries impacted include mail/postal processing, parcel delivery, courier services and high injury rate retail establishments.

NAICS CODES	WAREHOUSING & DISTRIBUTION CENTER ESTABLISHMENTS
481110	Postal Service (excluding U.S. distribution center only)
482110	Couriers and express delivery services
482210	Local messengers and local delivery
483110	General warehousing and storage
483120	High-pallet warehousing and storage
483130	Farm product warehousing and storage
483150	Other warehousing and storage

*NAICS: North American Industry Classification System

// HOW LONG IS THE NEP IN EFFECT?
Effective July 13, 2023, the NEP will remain valid for three years.

INSPECTIONS

// WHAT CAN I EXPECT DURING AN INSPECTION?

- Inspectors will:
 - Review logs and incident reports for indications of injury or illness
 - Interview workers for symptoms of musculoskeletal disorders
 - Review employer's safety measures, training records
 - Identify all conditions and activities pertinent to workplace safety

OSHA'S NATIONAL EMPHASIS PROGRAM ON WAREHOUSING & DISTRIBUTION CENTER OPERATIONS: FACT SHEET

MAKE SAFETY THE STRONGEST LINK IN THE CHAIN

// HEAT STRESS
Wear cooling vests and hats.

// SPRAINS & STRAINS
Use proper lifting techniques and use mechanical aids.

// DEVICE MANAGEMENT
Use safety harnesses and fall protection.

// SLIPS, TRIPS & FALLS
Wear slip-resistant shoes and use proper walking techniques.

// COLD STRESS
Wear insulated clothing and use hand warmers.

// STRUCK BY
Wear safety glasses and use proper handling techniques.

// MATERIAL HANDLING
Use proper lifting techniques and use mechanical aids.

// STORAGE & ORGANIZATION
Keep aisles clear and use proper storage techniques.

// WORKER GENERATED IMPACTS
Wear safety glasses and use proper handling techniques.

ERGONOMICS: SPRAINS + STRAINS

Our spiny senses are tingling. That can only mean one thing: somewhere nearby a lurking lumbar disaster is looming. Or maybe the dastardly and deleterious effects of repetitive motion has brought with it the sinister syndrome known as carpal tunnel. In the warehousing and distribution game, sprains and strains are perennial public enemy #1. Fear not. Your friendly neighborhood support slinger is here to thwart the evils of everyday wear and tear that can lead to the kind of chronic pain we wouldn't wish on even the most notorious supervillain.

WARM UP. WORK HARD. COOL DOWN.

The ProFlex® 1675 Back Support Brace not only promotes proper lifting technique during your shift, but it's got your back before and after with hot + cold therapy to get you ready for the day and recover for the next.

ERGONOMICS:

DEVICE MANAGEMENT

Ranging anywhere from \$800 to \$2,000 a pop, handheld scanner devices don't come cheap—a cost that's compounded every time they're dropped or left behind by workers. Our line of scanner slings, mounts, holsters and harnesses keep costly mobile devices secure and at-the-ready for shoot-from-the-hip barcode scanning—delivering comfort and efficiency when every second counts.

HEAT STRESS:

COOLING

OK, bad news first. The heat stress risk is way worse than you thought. There's the record (per BLS): heat exposure causes 1,000s of injuries and about 40 deaths on the job every year. And there's the reality (per OSHA): "Occupational heat-related illnesses, injuries, and fatalities may be underestimated".

Now for the good news: safeguarding your crew is as straightforward as it gets. And while imitators have come and gone over the decades, nobody continues to bring more sweet relief solutions and expertise to the hot and bothered masses than the heat stress safety pioneers (that's us).

MATERIAL HANDLING:

HAND PROTECTION

Too hot. Too bulky. No grip. There always seems to be an excuse. But before you go bare knuckle, consider 70% of hand injuries happen because gloves aren't worn. The other 30%? Wearing the wrong gloves for the job. ProFlex Gloves have one crazy goal in mind: to get worn. Period. You might even find they help you do the job better. (We can dare to dream, can't we?).

STOP FUMBLING THROUGH THE WORKDAY

Not only are ProFlex® 7001 Nitrile Coated Gloves soft, comfortable and form fitting for "thread the needle" precision, but their two-layer DSX nitrile coating (a.k.a. (D)ry (S)urface E(X)treme) boosts glove durability and enhances grip on dry materials and surfaces.

SLIPS, TRIPS + FALLS:

TRACTION

Slips and falls lead the way in workers' compensation claims in the United States—85% of which cite slick surfaces as the main cause.* And while your boots may be made for walking, that doesn't mean they can get you over the hump. Soup-up your soles with the road-hugging performance of Michelin technology underfoot. Our sling-style traction fits easily over work boots or shoes to put slippery conditions on their heels. (*Source: National Floor Safety Institute)

6325
SPIKELESS TRACTION DEVICE - WINTER CONDITIONS

6326
SPIKELESS TRACTION DEVICE - SLIP-RESISTANT & OIL-RESISTANT

TREAD DESIGN

"Block sprints" create additional tread surface area for increased grip on snowy surfaces.

PRESSURE DISTRIBUTION

Micro-pumps increase adhesion on icy surfaces.

GROOVE DESIGN

Strategically placed grooves allow for water evacuation when pressure is applied on wet surfaces.

TREAD PATTERN

Provides constant contact with slippery surfaces

SCULPTURE DESIGN

Provides adherence and adaptability on various ground conditions

STRUCK BY/AGAINST:

EYE PROTECTION

In plain ol' human-speak, Skullerz Safety Glasses and Goggles do all you need them to do, plus a little extra. Can you see clearly? Yup. Frameless, blade-style lenses and Fog-Off+ enhanced anti-fog and scratch resistance takes care of that. Do they fit well? For sure. Pull-no-punches feedback from the worksite gave us gems like bend-to-fit and pivoting adjustable temples to match with lightweight, wraparound frames. Could you wear them to softball after work without getting laughed off the field? Well... we can't speak for you range at shortstop, but with styles to flatter every face, you'll definitely look the part, slugger.

STRUCK AGAINST:

HEAD PROTECTION

Bonk-proof protection in a hard-knock life. Built for the legion of fearless pros who go headfirst (sometimes literally) into small spaces and confined quarters, our line of Skullerz Bump Caps protect against the worker-generated donks, doinks and dings that result in nasty cuts, scrapes and hospital bills. Whatever skullduggery abounds, we've got your brain bones covered with lightweight and breathable worker-approved head protection.
