

AVIATION HANDBOOK

SOLUTIONS, SUPPORT AND OUR COMPLETE AVIATION LINE-UP

NON-STOP COMFORT AND PROTECTION

Tenacious Work Gear® provides protection, promotes prevention and manages the elements for dedicated crews the world over.

Because when the job comes with this much baggage, second-rate gear just won't fly.

YOU CAN'T SPELL **TENACIOUS** WITHOUT "U"

We work with airlines to reduce injuries, downtime and fatigue.

Combine complex, high-pressure time-critical operations with extreme weather, uniform requirements and PPE compatibility, and the balance between protection and productivity becomes razor thin.

HOW WE PARTNER:

- ✓ On-site risk analysis
- ✓ Product testing and trials
- ✓ Customized solution

“From helping maintain compliance and working closely with us to develop the best possible solutions to fit our very specific needs. Ergodyne’s hi-vis program is second to none.”

- Leading Airline Safety Director

BUILT WITH AVIATION CREWS LIKE YOURS

From feedback to field-ready, here’s how your input turns into purpose-built PPE.

PROFLEX 435 COMFORT HINGE™ GEL KNEE PADS
Engineered with crews to stay in place and be comfortable all shift long

BUILT FOR LONG SHIFTS
LIGHTWEIGHT GEL + NBR FOAM CUSHIONS, SUPPORTS AND BOUNCES BACK THROUGH REPETITIVE WORK

NON-MARRING RUBBER
PROVIDES TRACTION WITHOUT DAMAGING SURFACES

STAYS PUT + MOVES WITH YOU
HINGED DESIGN + LOCKING STRAPS PREVENT SLIPPING

REAL-WORLD IMPACT

- ✓ Reduced PPE complaints
- ✓ Increased wear compliance
- ✓ Positive adoption across crews
- ✓ Reduced injury rates

SKULLERZ 8943F(x) HINGED BUMP CAP INSERT
Impact protection that fits every head and hairstyle without bulk

FLEXIBLE FIT
FOR A WIDE RANGE OF HEAD SIZES AND HAIRSTYLES

BUILT TO BREATHE
VENTILATED DESIGN PROMOTES AIRFLOW

LIGHTWEIGHT HEAD PROTECTION
ADDS LOW-PROFILE PROTECTION AGAINST BUMPS, SCRAPES + BRUISES IN TIGHT SPACES

FIT MAKES THE DIFFERENCE
Same worker. Two bump caps. Very different results.

AVIATION // KNEE PROTECTION:

KNEE PADS

Bend, don't break. And when you kneel before the gods of industry, strap on the only brand that puts knees on a pedestal of their own. ProFlex® Knee Pads & Kneeling Pads are positive proof there's a big difference between getting the job done right and just getting by.

AVIATION // HI-VIS:

JACKETS + PANTS

For workers who slug it out on Thunder Road in high-risk conditions, there's no better way to get year-round visibility and comfort than by wearing one of our 4-in-1 thermal or bomber safety jackets. The contagious, confident convergence of high-level visibility and versatility is designed to match wits with winter, spring or fall. With a weatherproof shell, toasty 3M™ Thinsulate™ insulation and reflective features galore, these jackets have enough firepower to make even the nastiest midnight run seem like a walk in the park.

AVIATION // HAND PROTECTION:

COATED GLOVES

Too hot. Too bulky. No grip. There always seems to be an excuse. But before you go bare knuckle, consider 70% of hand injuries happen because gloves aren't worn. The other 30%? Wearing the wrong gloves for the job. ProFlex® Gloves have one crazy goal in mind: to get worn. Period. You might even find they help you do the job better. (We can dare to dream, can't we?).

STOP FUMBLING THROUGH THE WORKDAY

Not only are ProFlex® 7001 Nitrile Coated Gloves soft, comfortable and form fitting for “thread the needle” precision, but their two-layer DSX nitrile coating (a.k.a. (D)ry (S)urface E(X)treme) boosts glove durability and enhances grip on dry materials and surfaces.

AVIATION // HAND PROTECTION:

ANTI-VIBRATION GLOVES

When your equipment kicks like a mule, kick back. Besides meeting ANSI/ISEA 105-2016 S2.73/ ISO 10819 standards, ProFlex® Anti-Vibration Gloves employ AVC™ (Advanced Vibration Control) technology in both full palms and key areas for maximum hand protection against vibration, shock and palm impact. They just might be the best thing to happen to bad vibrations since Sid Vicious punched his ticket to punk rock purgatory.

AVIATION // COLD STRESS:

THERMAL GLOVES

"Cold hands, warm heart." That's what they say, right? Ha. A charming sentiment spoken by someone who's never de-iced a seven-three-seven in the middle of a polar vortex wearing gloves that weren't up to the task. When hands go cold and clumsy, things get dicey. And it's hard to believe in the warmth of your heart when you lose your grip on the job—causing damage to property, productivity and your fellow cold warriors.

AVIATION // SPRAINS + STRAINS:

SUPPORTS

Our spiny senses are tingling. That can only mean one thing: somewhere nearby a lurking lumbar disaster is looming. Or maybe the dastardly and deleterious effects of repetitive motion has brought with it the sinister syndrome known as carpal tunnel. Fear not. Your friendly neighborhood support slinger is here to thwart the evils of everyday wear and tear that can lead to the kind of chronic pain we wouldn't wish on even the most notorious supervillain.

WARM UP. WORK HARD. COOL DOWN.

The ProFlex® 1675 Back Support Brace not only promotes proper lifting technique during your shift, but it's got your back before and after with hot + cold therapy to get you ready for the day and recover for the next.
