N-Ferno® 6823 Wind-Proof Hinged Balaclava Face Mask delivers the cold-blocking protection of a full face mask, while easily converting into a neck gaiter or face shield. For cold weather work, or working in cold indoor temps, this face mask provides comfortable warmth. Made from stretchable, breathable fleece for a comfortable snug fit, with wind-resistant fabric covering the nose and neck for added warmth where you need it most.

The unique hinged design allows the level of coverage to be adjusted as needed. This 3-in-1 mask can be worn as a full face mask, or with the hood or lower portion pulled up or down. One size fits most and can be worn alone or under hard hats, ski helmets or other head protection.

### Features

- Warm fleece with wind-protectant fabric at most vulnerable places protects against a variety of elements
- 3-panel construction with flat lock stitching for a comfortable “just for you” fit
