

6878

WINTER HARD HAT LINER W/ MOUTHPIECE KIT

The N-Ferno® 6878 Winter Hard Hat Liner w/ Mouthpiece Kit includes a winter hard hat liner with 3 layers of extreme insulation and a thermal mouthpiece attachment for full face coverage. The lightweight thermal liner is shoulder-length and fits comfortably under helmets or hard hats without feeling too bulky. The liner has a 100% polyester quilted outer shell, a mid-layer of foam insulation to provide an additional layer of thermal protection and a soft 100% polyester fleece lining for extreme cold. The mouthpiece has a breathable and water-resistant 1mm neoprene outer shell construction to trap heat in and a soft fleece liner for additional comfort.
