

SKULLERZ®
HEAD ♦ PROTECTION

HARD HATS

WE'VE COME A LONG WAY, BABY.

The hard hat: keeping it 100. Literally. This fearless guardian of gray matter has been serving and protecting workers for more than a century. And like a good whiskey or your favorite pair of jeans, it just keeps getting better with age.

From the steamed canvas & glue 1919 originals to the aluminum versions worn during the construction of the Golden Gate Bridge (the first time brain buckets were required on the job) and beyond, the venerable hard hat has progressed, with every tweak and improvement leading to this heady moment – the next evolution of Skullerz® Head Protection.

"MY HEAD **THANKS YOU** FOR THE **EXTREMELY THOUGHT OUT** AND **WELL-BUILT** HARD HAT..."
— TENACIOUS TESTER, JOE HOPP

Of course Skullerz® Hard Hats are tested to meet and exceed industrial safety standards. That's a given. And yes, it's full of useful little details (like an optional removable LED lamp and slots for ear protection, face shields and other common accessories). But it's the comfort – by way of the perfectly balanced suspension, airy ventilation and size adjustment knob to dial in the perfect fit – that makes it the hard hat's crowning achievement. In short, 100 years of innovation and improvements are all poured into the latest addition to the Skullerz® line.

The result?

**THE MOST COMFORTABLE
HARD HAT YOU'VE EVER WORN.
PERIOD.**

HEAD ♦ PROTECTION

{INTRODUCING}

SKULLERZ® HARD HAT

HARD-LINE PROTECTION

Skullerz® Hard Hats have your cranium covered with ANSI-rated protection, a premium 4-point ratcheting suspension, optional adjustable vents and moisture-wicking top pad and sweatband to keep you feeling frosty. And when it's time to turn up the lights in here, baby, our optional LED headlamp mounts to dedicated front and rear slots to turn night into day. Available in both Class E and Class C protection, cap or full-brim style, and with a host of accessories to choose from, Skullerz® Hard Hats have exactly what you need to keep your head safely (and comfortably) in the game.

A FLEXIBLE, OPEN-WEB 4-POINT SUSPENSION WITH MULTIPLE ADJUSTMENTS PROVIDES AN ALL-DAY COMFORTABLE FIT.
